IMPORTANT: PLEASE READ

ARONAH publishes a list of approved qualifications that lead to eligibility for general registration. However, between 1 July 2013 and 1 July 2016 special transitional provisions, known as grandparenting provisions, are also in place. These provisions relate to qualifications other than those approved by the Board. For more information on the grandparenting provisions refer to http://www.aronah.org/wp-content/uploads/ARONAH_General-Registration-Requirements_21.06.2013.pdf and for the list of qualifications approved by ARONAH, please refer to <http://www.aronah.org/tier-1-registration-information/>.

If you are applying for registration in more than one division you are required to provide documentation for all applicable division(s).

N.B. Completing question 12 of this form, where you are asked to provide evidence of your practice and competence to practice, is optional. If your qualifications are determined by the Board to be inadequate, the Board may request you to provide evidence of your practice and competence to practise, to determine your eligibility for registration.

To reduce delays in processing your application, you are encouraged to consider the following questions to decide whether or not to answer question 12 in this application:

ENGLISH LANGUAGE SKILLS

The Board requires you to have effective communication with patients to safely and competently practise the profession. Therefore, you must be able to demonstrate English language skills in accordance with Board's requirements. For applicants required to complete an English language test, the Board requires an IELTS Academic module overall score of at least 7 with no individual score below 6.5 in each of the four components; an OET of A and B only in each of the components; or the TOEFL including the spoken component test with a minimum score of at least 237 (test of written English 4.5). Pass results must be obtained in one sitting. Where an applicant does not meet these requirements, the Board has transitional arrangements in place that may enable practitioners with a record of safe and competent practice to meet the eligibility requirements.
